SafeRabies

RABIES SAFETY AT SCHOOL

Stop. Step back. Tell an adult.

STOP

Do not touch unknown, stray, sick, or wild animals.

STEP BACK

Move away slowly. Do not run, tease, or chase.

TELL

Tell a teacher, parent, or trusted adult right away.

Daily safety checklist

- [ ] Ask before petting any dog or cat.
- [ ] Never touch sleeping, eating, injured, or mother animals with babies.
- [ ] Stay away from bats, raccoons, foxes, skunks, monkeys, and unknown wildlife.
- [ ] Report animals acting strangely: drooling, staggering, biting, or unusually friendly.
- [ ] If bitten or scratched, tell an adult immediately.

If a bite or scratch happens

1. **Tell an adult now**
2. **Wash with soap and water**
3. **Go for medical advice**

Class / Room: _____ Teacher: _____

Emergency contact / school clinic: _____

Sources: WHO and CDC rabies prevention guidance. Teach children to avoid unknown animals and seek adult help after exposure.

Educational use only - does not replace emergency medical care. If exposure occurs, seek urgent medical advice.
